Honorable Thomas E. Morgan
Chairman, Committee on Foreign Affairs
House of Representatives
Washington 25, D. C.

Dear Mr. Morgan:

Further review of the matters covered on the Director's appearance before the House Foreign Affairs Committee on 1 June 1960 indicates that one matter needs further answer to complete the record. Representative Wayne L. Hays was interested in whether or not the camera or lenses in question were made abroad.

The camera was made in this country. The lenses were purchased on the open market in Germany

Sincerely,
